

# Timing Belt Replacement

# 20% OFF Labor

Timing belt replacement is one of the most critical repairs for your vehicle. Check your owner's manual for details. Timing belt is usually replaced after each 60,000 or 100,000 miles. Neglecting to do so can cause severe engine damage and shorten the life of your car. See manager for offer details.

Void where prohibited. Other restrictions may apply. Not valid with any other offer/discount.
